

CLIMAIR GO

AIRCO CLEANER

DESCRIPTION

Contaminated air conditioning and heater/ evaporator cores can cause foul smelling, health threatening mold and mildew deposits. Use XENUM CLIMAIR GO to refresh the air conditioning and heater systems.

BASIC BENEFITS

- Fresh smell
- User friendly
- Does not leave stains

PROPERTIES

- Neutralizes and removes bad smells
- Subtle lemon fragrance
- Ventilation refresher

APPLICATION

Start the engine and let him run.

Put your air circulation system in full power in the recirculation position.

Make sure the air-conditioning is switched on.

Shake the product for about 15 till 30 seconds.

Place the Airco Refresher in the middle of the car, activate the aerosol by once pressing the nozzle and close the doors.

Let the engine run a few minutes after full evaporation, then switch him of and leave the doors open for about 10 minutes.

TYPICALS

Form:	Aerosol
pH-value:	Not determined.
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	-0,5 °C
Flash point:	-60 °C
Flammability (solid, gaseous):	Not applicable.
Ignition temperature:	365 °C
Decomposition temperature:	Not determined.
Vapour pressure at 20°C:	2.100 hPa
Density at 20°C:	0.61 g/cm ³
Solubility in / Miscibility with water:	Not miscible or difficult to mix.
Expiring date	2 to 5 years

PACKAGING

150 ml aerosol
12 x 150 ml carton
