

D-GREASE CLEANER

HIGH PERFORMANCE SOLVENT BASED DEGREASER

DESCRIPTION

Degreases and cleans all mechanical components. Removes oil, grease, brake fluid and hardened deposits; complete cleaning & degreasing of structural components in motor vehicles and industrial applications.

BASIC BENEFITS

- Universal application.
- High efficiency - powerful and fast working action.
- Easy to reach hidden areas.
- Leaves no residues.
- Economical to use.

PROPERTIES

- The low surface tension of this product means that D-GREASE Cleaner has excellent penetration properties and therefore easily dissolves oil, grease, resin and tar residues and contaminants, even in hidden areas.
- Contains no chlorine or acetone.
- Dissolves resin and tar-type residues.
- Removes oil and grease based contaminants.

APPLICATION

Because of its universal application, D-Grease Cleaner has many areas of use in industry, the workshop and agriculture and for hobbies etc.

For drum and disc brakes, linings, shoes, cylinders, springs and pads, clutch lining, pressure plate and clutch components in general.

Shake well before use. Spray heavily onto the items to be cleaned. Hold spray can approximately 20 - 30 cm from the surface to be cleaned. D-Grease Cleaner evaporates quickly and leaves no traces.

TYPICALS

Form:	Aerosol
pH-value:	Not determined.
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	-44 °C
Flash point:	-97 °C
Self-igniting:	Product is not selfigniting.
Ignition temperature:	> 200 °C
Vapour pressure at 20°C:	573 hPa
Density at 20°C:	0.67 g/cm ³
Solubility in / Miscibility with water at 20 °C:	5 g/l
Solvent content:	
Organic solvents:	100,0%

PACKAGING

500 ml aerosol (12 x 500 ml carton)
