

D-SOLV FOODPRO

FOOD INDUSTRY SOLVENT BASED DEGREASER

DESCRIPTION

Powerful, fast drying degreaser and cleaner for all industrial machine parts in food industry. Removes oil, wax, resinous materials, adhesives or glues and many other substances. Not intended for direct food contact.

BASIC BENEFITS

- High efficiency, powerful and fast working action.
- Easy and economical to use.
- Leaves no residues.
- Contains no chlorine or acetone.

PROPERTIES

- Excellent penetration properties on contaminants.
- Easily dissolves oil, grease, resin and tar residues.
- Controlled evaporation free of residues.
- Dissolves resin and tar-type residues.
- Safe on rubber, nylon and plastic parts.
- Supply approved.

APPLICATION

A product with cleaning and degreasing application in the food industry. Shake well before use. Spray heavily onto the items to be cleaned. Hold spray can approximately 20 - 30 cm from the surface to be cleaned. The solvent base cleaner evaporates quickly and leaves no traces. Not intended for direct food contact.

TYPICALS

Form:	Aerosol
pH-value:	Not determined.
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	-44 °C
Flash point:	-97 °C
Flammability (solid, gaseous):	Not applicable.
Ignition temperature:	200 °C
Decomposition temperature:	Not determined.
Vapour pressure at 20 °C:	5 Bar
Density at 20 °C:	0.669 g/cm ³
Solubility in / Miscibility with water at 20 °C:	5 g/l
Solvent content:	
Organic solvents:	100.0 %

PACKAGING

500 ml aerosol (12 x 500 ml carton)
