

BRAKE CLEANER PRO XXXL

HIGH PERFORMANCE SOLVENT BASED DEGREASER

DESCRIPTION

High pressure aerosol for degreasing and cleaning of all brake parts, such as master cylinders, calliper, discs and clutch plates. Multi purpose cleaner.

BASIC BENEFITS

- Universal application.
- Highly Efficient & Fast cleaning.
- Fast drying.
- Leaves no residues.
- Economical to use.

PROPERTIES

- Very good penetration.
- Controlled evaporation.
- Dissolves resin and tar-type residues.
- Easy to reach even hidden areas.
- Removes oil and grease based contaminants.
- Safe on rubber, nylon and plastic parts.

APPLICATION

As a product with universal application, Brake Cleaner Pro XXXL has many areas of use in industry, the workshop and agriculture, etc. Drum and disc brakes, callipers, linings, shoes, cylinders, springs and pads. Clutch lining, pressure plate and clutch components in general.

Shake well before use. Remove heavy excess contamination from parts. Spray parts to be cleaned abundantly, leave to dry. Hold spray can approximately 20 - 30 cm from the surface to be cleaned.

Leaves no residue on cleaned components - after the solvent has evaporated, the surface that remains is free from grease and residues.

TYPICALS

Form:	Aerosol
pH-value:	Not determined.
Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	78 °C
Flash point:	-19 °C
Flammability (solid, gaseous):	Not applicable.
Ignition temperature:	> 200 °C
Decomposition temperature:	Not determined.
Vapour pressure at 20°C:	5 Bar
Density at 20°C:	0.774 g/cm ³
Solubility in / Miscibility with water:	Not miscible or difficult to mix.

PACKAGING

750 ml aerosol (12 x 750 ml carton)
